

Orlando Rowing Community Association (ORCA) Payment Terms and Conditions

I. Registration fees

Registration fees will be paid upon registration and then on the 2nd of January each year. The total registration fee is \$120 and will be prorated throughout the year. For example, if you register in January, you will pay the full \$120. If you register in June, your fees would only be \$60 for that year, and \$120 the next January. Annual registration fees are used to pay for club insurance and boat insurance, as well as equipment maintenance and purchases.

II. Monthly Membership

Orlando Rowing Community Association (ORCA) membership is a monthly membership. It will renew on the first of each month. If your membership renews and you do not row that month, you are still responsible for the payment that month. ORCA membership operates in a similar manner to a gym membership - you are required to pay your monthly dues, regardless of whether you do not row at all or row 25 times that month.

It is your responsibility to pay the dues within the first 5 days of the month. If your dues are not paid within 5 days of the 1st, your membership is subject to suspension and deactivation. Should you cancel your account and register on another date, you will be subject to another registration fee.

III. Agreement

By completing the registration form and checking membership terms and conditions agreement box, I understand that I have agreed to the terms above and will comply.
